AT GENIE SMART NEST, WE BELIEVE

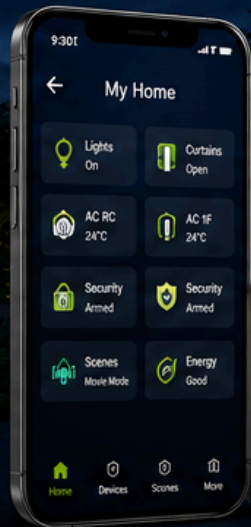

Technology should simplify life, not complicate it. That's why we create smart automation solutions that are intelligent, reliable, and effortless to use.

WHY CHOOSE GENIE SMART NEST?

We provide complete end-to-end smart home automation solutions tailored to your lifestyle, needs and budget. From the first consultation to long-term support, we are with you at every step.

YOUR END-TO-END SMART HOME AUTOMATION PARTNER

1. CONSULTATION

We understand your lifestyle, requirements and budget to recommend the best solutions.

2. DESIGN

Our experts design a customized automation plan with the right products and technologies.

3. PRODUCT SUPPLY

We supply premium quality products based on Zigbee, Matter, Bluetooth Mesh and IoT technologies.

4. INSTALLATION

Professional wireless installation with zero damage to your walls or interiors.

5. PROGRAMMING

We program smart scenes, schedules, automations and device interactions as per your preferences.

6. VOICE ASSISTANT SETUP

We integrate with Google Assistant, Amazon Alexa, Apple Siri, SmartThings and Home Assistant.

7. APP CONFIGURATION

We set up and customize your mobile app for easy control from anywhere in the world.

8. TRAINING

We guide you and your family on using the system effectively and effortlessly.

9. AFTER-SALES SUPPORT

Dedicated support for troubleshooting, remote assistance and system optimisation.

10. AMC & MAINTENANCE

Annual Maintenance Contracts to keep your smart home running smoothly for years to come.

GENIE SMART NEST

Smart. Secure. Seamless Living.

BUILT ON SMART TECHNOLOGIES

Our solutions are powered by industry-leading wireless technologies to deliver reliability, interoperability and future-ready performance.

TECHNOLOGIES THAT POWER SMART LIVING

We leverage globally trusted wireless technologies to create a seamless, secure and intelligent smart home experience.

RELIABLE • STABLE • SECURE

Zigbee is a low-power, high-reliability mesh networking technology designed for smart home automation.

Low power consumption for longer device life

Strong mesh network for extended coverage

High device capacity (100+ devices)

Reliable & secure communication

IDEAL FOR

Lighting, Switches, Sensors, Locks, Automation Devices

UNIFIED • INTEROPERABLE • FUTURE-READY

Matter is the new global standard that brings all smart devices and ecosystems together seamlessly.

Works across multiple ecosystems

Simple setup & seamless control

Local control for faster response

Secure by design

IDEAL FOR

Multi-brand Devices, Interoperable Homes, Future-ready Installations

FAST • SCALABLE • EFFICIENT

Bluetooth Mesh enables scalable and responsive smart systems with easy device provisioning.

Fast & easy installation

Scalable network with many devices

Perfect for retrofits and upgrades

Efficient & reliable communication

IDEAL FOR

Lighting Control, Retrofits, Commercial Spaces

SMARTER • CONNECTED • LIMITLESS

IoT connects your home to the world for remote access, automation, analytics and more.

Remote access from anywhere

Real-time alerts & notifications

Data-driven insights & analytics

Endless possibilities with automation

IDEAL FOR

Remote Monitoring, Smart Scenes, Voice Control, Analytics

SECURE. STABLE. SMART.

SMART SENSORS FOR COMPLETE PROTECTION

Our intelligent sensors detect, monitor and alert you in real-time, keeping your home and loved ones safe 24/7.

**SMARTER SENSORS.
SAFER HOMES.**

Advanced detection. Instant alerts.
Complete peace of mind.

INTELLIGENT SENSORS THAT CARE, ALERT & PROTECT

Advanced detection. Real-time alerts. Total peace of mind.

Real-time
Monitoring

Instant
Alerts

Battery
Efficient

High
Accuracy

HUMAN PRESENCE RADAR SENSOR

WHAT IT IS

Detects human presence and movement using millimeter-wave radar technology.

HOW IT WORKS

Sends out radar waves and analyzes reflections to detect even subtle movements.

ADVANTAGES

- ✓ Works in dark & bright light
- ✓ Detects static & small movements
- ✓ High accuracy, no false triggers
- ✓ Privacy friendly

REAL-LIFE USE

- ✓ Auto lights & fan control
- ✓ Occupancy based automation
- ✓ Security & intrusion detection
- ✓ Elderly care & monitoring

DOOR / WINDOW SENSOR

WHAT IT IS

Detects opening or closing of doors and windows.

HOW IT WORKS

Uses magnetic contact. When the magnet moves away, it triggers an alert.

ADVANTAGES

- ✓ Instant alerts
- ✓ Low power consumption
- ✓ Easy to install
- ✓ High reliability

REAL-LIFE USE

- ✓ Entry/exit monitoring
- ✓ Security & intrusion alerts
- ✓ HVAC automation
- ✓ Child safety monitoring

WATER LEAK SENSOR

WHAT IT IS

Detects water leakage or flooding to prevent water damage.

HOW IT WORKS

Probe or surface sensor detects water contact and sends an instant alert.

ADVANTAGES

- ✓ Prevents water damage
- ✓ Instant mobile alerts
- ✓ Compact & easy to place
- ✓ Long battery life

REAL-LIFE USE

- ✓ Bathrooms & washrooms
- ✓ Kitchen & sink areas
- ✓ Washing machine & RO
- ✓ Basements & balconies

GAS LEAK SENSOR

WHAT IT IS

Detects combustible gas leakage like LPG, PNG, natural gas.

HOW IT WORKS

Built-in gas sensor detects gas concentration and triggers alarm & notification.

ADVANTAGES

- ✓ High sensitivity
- ✓ Loud alarm + mobile alerts
- ✓ Prevents fire & explosions
- ✓ Easy installation

REAL-LIFE USE

- ✓ Kitchen gas areas
- ✓ Utility & service areas
- ✓ Commercial kitchens
- ✓ Gas pipeline monitoring

TEMPERATURE & HUMIDITY SENSOR

WHAT IT IS

Monitors temperature and humidity levels in your environment.

HOW IT WORKS

Built-in precision sensors measure temperature & humidity and send data in real-time.

ADVANTAGES

- ✓ Maintain comfort levels
- ✓ Helps in energy saving
- ✓ Protects furniture & appliances
- ✓ Improves air quality

REAL-LIFE USE

- ✓ HVAC automation
- ✓ Server rooms & store rooms
- ✓ Baby rooms & bedrooms
- ✓ Greenhouses & indoor plants

ONE SMALL SENSOR. A BIG DIFFERENCE.

Our smart sensors work silently in the background, keeping your home secure, comfortable and efficient.

Early Detection
Prevents Damage

Instant Alerts
Stay Informed

Energy Efficient
Long Battery Life

Seamless Integration
Works With All Systems

SMART AUTOMATION FOR EVERY SPACE

From luxury homes to commercial spaces,
our solutions adapt to your lifestyle
and business needs.
Smarter spaces. Better living.

SOLUTIONS FOR EVERY LIFESTYLE

Our smart automation solutions are designed to enhance comfort, convenience,
security and efficiency across all types of spaces.

RESIDENTIAL HOMES

Smarter living. Effortless comfort.

- ✓ Lighting Control
- ✓ Climate Automation
- ✓ Curtain & Blind Control
- ✓ Security & Access
- ✓ Entertainment Integration
- ✓ Energy Management

APARTMENTS & CONDOS

Compact solutions. Maximum comfort.

- ✓ Space-optimized solutions
- ✓ Smart lighting & appliances
- ✓ Remote access & control
- ✓ Visitor management
- ✓ Energy savings

VILLAS & BUNGALOWS

Luxury automation. Total control.

- ✓ Whole-home automation
- ✓ Advanced security & surveillance
- ✓ Scene based automation
- ✓ Landscape & pool control
- ✓ Centralized control from anywhere

OFFICES & WORKSPACES

Productive spaces. Smart efficiency.

- ✓ Smart lighting & climate control
- ✓ Meeting room automation
- ✓ Access control & attendance
- ✓ Energy monitoring & optimization
- ✓ Scalable solutions

RETAIL SPACES

Engage customers. Optimize operations.

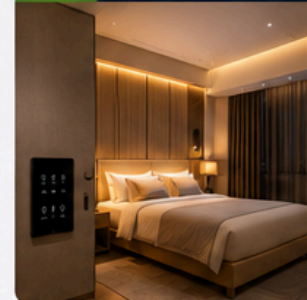

- ✓ Smart lighting for better ambience
- ✓ Energy-efficient operations
- ✓ Footfall & people counting
- ✓ Centralized control & scheduling
- ✓ Security & alerts

HOSPITALITY & HOTELS

Elevate guest experience. Every time.

- ✓ Smart rooms & guest control
- ✓ Lighting, AC & curtain automation
- ✓ Energy management
- ✓ Housekeeping automation
- ✓ Seamless guest experience

BUILT FOR THE FUTURE

Reliable & Secure

Enterprise-grade security for complete peace of mind.

Scalable & Flexible

Solutions that grow with your needs.

Energy Efficient

Reduce usage. Lower bills. Greener tomorrow.
